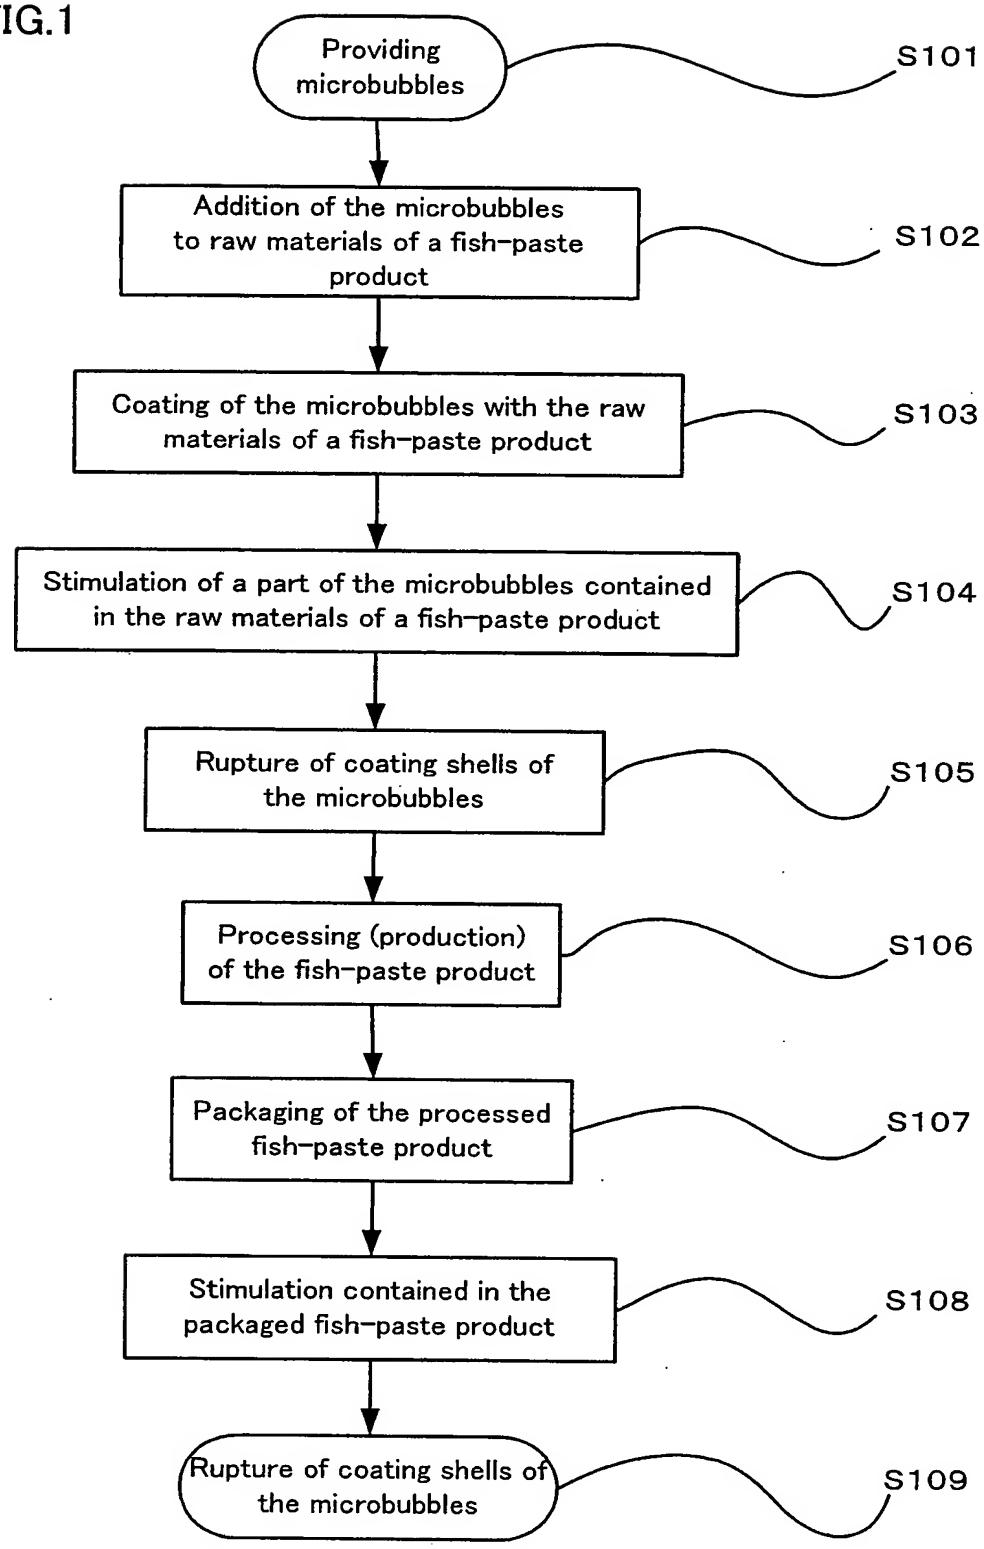
FIG.1



Providing microbubbles
S101
Addition of the microbubbles to raw materials of a fish-paste product
S102
Coating of the microbubbles with the raw materials of a fish-paste product
S103
Stimulation of a part of the microbubbles contained in the raw materials of a fish-paste product
S104
Rupture of coating shells of the microbubbles
S105
Processing (production) of the fish-paste product
S106
Packaging of the processed fish-paste product
S107
Stimulation contained in the packaged fish-paste product
S108
Rupture of coating shells of the microbubbles
S109
